Vol. IV, Number 8, March, 1983

The Falcon Club of America, Inc., is a non-profit organization dedicated to preserving the FALCON automobile built by the Ford Motor Company from 1960 to 1970. Roy E. Sword founded the world-wide club in 1979. It is incorporated under the laws of the state of Arkansas. Yearly dues to The Falcon Club of America are \$12.00 and are payable to: The Falcon Club of America, 629 N. Hospital Drive, Jacksonville, AR 72076.

The Falcon News is published monthly with information from its members. All ads must be sent to the Editor by the 15th of the month, with a limit of 2 ads per member per issue. Each ad must appear in a different section of the classified ads. The FCA will not be held responsible for errors. Legitimate errors will be corrected in the next issue when requested.

If you do not renew your membership within 90 days after it has expired, your membership number will be placed in the inactive file and will no longer be used by the club.

## PRESIDENT'S MESSAGE

First, please note that Ray is still doing the newsletter, I only had to print it and mail it last month. Do continue to send all items for print to Ray.

We now have an Assistant Editor. He is Harold McLean, #805, of Tallahassee, Florida. Ray and Harold will work out a format later but I do know that Harold will be doing interviews with people who will be of interest to you members and he will take an active part in the new technical committee.

The 3rd Annual National Meet booklet should be in your hands now. I think it is excellent this year and a big thank you to all that helped and to Pat and Ruby goes an even bigger thanks!

Chapter secretaries: we need a copy of your 1983 rosters. Please send to Ruby Throgmorton. The 1983 National is progressing well. Plan ahead!  
President Roy Sword

## COVER PHOTOS:

1963 4 dr wagon: Owner Ernest T. Baker, Jr., Austin, TX. See his ad in the **ETC** section.

## COMMENTS FROM THE EDITOR:

It is a major problem in logistics to get the FN to you anymore. We apologize for not making our deadline in getting the FN to you as we had promised and hope you will bear with us for another couple of issues. President Roy has had quite a time keeping track of where I am, Denver or San Bruno....it is best to try to catch me home on weekends in Denver. This situation has caused some control problems with the mail — where did I put it? If you believe that something you sent me is missing the chance is that you are right. To be

safe please drop me a line if you have a timely concern.

GREAT NEWS! As you were promised a while back we are attempting to become more professional and President Roy has made a great move in this direction. President Roy has accepted an offer of help by Harold McLean and Harold will join us as Assistant Editor. Harold introduces himself in an article next month. I have corresponded with Harold and I am impressed with his knowledge of cars, his willingness to get involved, and the professional level of his skills. Harold was originally to have assumed the position of Editor and I was to have become the Assistant Editor. I appreciate his contribution and our new Assistant Editor will be a great asset to our club. The pleasure is ours Harold!

MORE GREAT NEWS! This next item of news should affect the club more than anything to date: A TECHNICAL COMMITTEE! During the forming of the new Rocky Mountain Chapter I had the great pleasure of "Falconizing" with Dick Kitterman of nearby Boulder, Colorado. Dick is an original member of the 1st Falcon club going back to 1963 when he purchased his '63 Futura 4 dr sedan (yep, one owner!). Thus, Dick is no stranger to Falcons and has a passion for Falcon literature and history with a much emphasis on Falcon accessories. Looking at the needs of the club, Dick formed the idea that we needed a real technical committee and presented the concept to me. I presented it to our President Roy and here we go!

The technical committee will be made up of volunteers interested in the technical aspects of our hobby of Falcons. The committee will be responsible to the Assistant Editor and the Assistant Editor will be a member of the committee. The major objective of the committee will be to present technical information to the members via a monthly column in the FN. Each member will be responsible for a given article to be published in the FN at a set date. Members of the committee will publish in turn and the number of

articles will be determined by the number of members on the committee. Members may also submit on large projects or projects where the work is more than one person is necessary. The idea is not to overwork any one member on the articles. Another responsibility will be the answering of questions that members may have. These, too, will be presented in the FN column. The present method is not adequate with the FFA staff trying to answer questions and others inserted in the FN column. If someone in the club has a question. There is also a possibility that the committee may become involved in securing the reproduction of Falcon parts.

Dick Kitterman is the temporary chairman of this new committee and he will select the members of this committee for presentation to the Assistant Editor Harold Morgan. Once the committee is operating a chairperson will be elected. The chairperson will report to the Assistant Editor who will report to the President, the Board of Directors, and the membership via the FN column. It will be the responsibility of the committee as to how often they will meet (if they do meet), how they will communicate among themselves, how they will finance their committee (present a proposal to the Board of Directors for financial allotment), and what (if any) bylaws they will have. Upon completion of forming their committee the chairperson shall submit their proposals to President Roy and the Board of Directors for approval.

If this committee interests you and you believe that you can offer your assistance to our club please send a brief letter of introduction and your qualifications to Dick Kitterman, 106 Barcelona Drive, Boulder, Colorado, 80303. Your club needs you -- please help us in this most important facet of your club!

"THE Falcon" is suffering the most from this work assignment of mine. It has patiently sat in front of the house since the Tournament kicked it out of the garage for winter. I have promised it a new battery when I end this California business. Once I man-

age to get the home back in order it will go back into the garage for the suspension rework to begin. It has talked me into getting it roadworthy by the 4th of July. I sure hope I can do it!

#### UPDATE:

What happened? Everyone forget to write?? Chapter update will be in the CHAPTERS section from now on.

June 5th: North-East Mini Meet. Burlington, VT, to be held under cover from 10 to 5 in the South Winoski parking garage. Co-host is Nordic Ford. For more information send a SASE to Howard Stearns, #714, 4 Faith St., Burlington, VT 05401

##### SACRAMENTO, CA area:

Jack Edward, 11171 Old Pond Rd., Grass Valley, CA 95945

#### CHAPTER NEWS:

DIXIELAND CHAPTER: January was a busy month for the Dixieland Chapter. The club displayed Falcons at two indoor car shows on consecutive week-

ends. At the ISCA show, we participated in all the games for clubs, winning second place in the fan belt toss and washer stack. We picked up a third place in the ignition key hunt, and brought home trophies for all of our cars. The Nifty 50's Cruisers show for the March of Dimes included a 50's music radio program broadcast from the show, lots of door prizes, some vendors, and a 50's costume contest. We brought home some nice trophies from this show and had a good time.

THE DIXIELAND CHAPTER WILL SPONSOR A SOUTHERN AREA FALCON SHOW in conjunction with the First Annual May in Memphis Flea Market and Car Show on Sat., May 28, 1983. All Falcon automobiles are welcome. Trophies will be awarded. The entry fee is \$5.00 in advance and \$8.00 on the day of the show. Entry will include free admittance for two to the car show, flea market, and a May in Memphis dash plaque. The flea market will be a really large affair with 3,000 plus rental spaces for the vendors. It will run for four days from Thursday, May 26, through Sunday May 29th. (See full page ads in the "Hemmings Motor News", "Cars and Parts" and "Old Cars Weekly".) For information contact Fleming Horne, 7645 Memphis-Arlington Rd., Memphis, TN 38134  
-Harriette Hastings-

ROCKY MOUNTAIN CHAPTER: The RMC held its first official meeting on January 22nd at Carl and Jill MacDonald's home. Eight families were represented and Jill delighted everyone with her home-made cookies. The first order of business, now that we are an official FCA chapter, was to vote for whether or not we wanted to affiliate with the FCA or to form our own club. We voted to remain as an FCA chapter and wait until after the National Meet to see what course the FCA takes as to regarding chapters. If there is no action taken towards realistic chapter/national relationships we will reopen the vote.

Officers were elected with Carl MacDonald, Colorado Springs, elected as President. Vice President is Dick Kitterman of Boulder. Ray Roberts

volunteered to act as the Secretary/Treasure until such time it is necessary to elect these officer. It was voted to not collect any dues until such time there is a need for them. Since there are no dues at this time the RMC is open to all members who live in Colorado to belong to the chapter. We also voted to hold four meetings a year. One business meeting, 2 show meets, and one family outing. The next meeting will be April 30th with the details to come at a later date.

#### MEMBERS WRITE:

At the age of sixteen I won my '63 convertible in a model car customizing contest in Houston, Texas. The first time I saw the car was the night of the final judging at a local Ford dealership. It was parked out front, shiny black with a white top and red interior. I was notified of the results that night when one of the judges turned to me and said "Looks like the car is yours". I drove it home with the top down in a misty rain!

The car was originally a Futura with the 170 cu. in. six and 3-speed transmission. In 1967 I installed a 289 V8, 3-speed, and rear end out of a '63 Fairlane (special mounts were required for the transmission and rear end). In 1975 it received new paint, custom interior, and a new top in time to be driven to my ten year highschool reunion. Now it is apart for installation of a rebuilt 289 and a '63 Sprint 4-speed, rear end, and steering. I plan to have it on the road in time for the National Meet in Dallas. See you there!

Duane Gibson  
#112  
Houston, Texas

Ed's note: Duane sent three photos and we only have room for two. The third showed the convertilble as it was designed for: full of high-school girls! I probably should of printed it but more girls than car.

### FALCONS FOR SALE:

'65 4 dr Futura station wagon. All glass complete, no cracks. White with black interior intact with no tears - very small amount of rust and all original except for the gas cap. ETC:

FRONTENAC? Yes, we have a Frontenac in the club! Ken Coates, #284, is the proud owner of nice looking white one. We hope to do a feature on Ken's and Frontenacs soon.

Skip Goddard, #173, sent in a newspaper ad for a '62 Falcon convertible with a 289. Fact or Fiction?

Ron Becker, #1250, RR 3, Kendallville, IN 46755, wants to know if spotlights were offered by Ford on the 1963?? Dick Kitterman of the Tech Committee says yes! More to come!

I overlooked Ernest T. Baker, Jr.,'s ad that should be under FALCONS FOR SALE: 1963 Falcon Station Wagon. This fine motor car is mech. perfect. 170 CID engine. Original interior is beautiful. Exterior is superb with no dents. New DuPont Imron paint (Corinthian white) and four new B.F. Goodrich radial tires. I bought this car new in San Antonio, TX, for my parents when they were 65-70 years old, and they drove it for about 12 years. Total milage is 66,198. Car was always in carport when not driven. No rust. No detail work on engine. Mint condition. Price is now \$2,900.00 and well worth it. Door panel data: Body 71 A, color M, Trim 54, Date 24 E, DS0 62, Axle 5, Trans 1, number 3H22U222191. Ernest T. Baker, Jr., 2502 Ridgeview Street, Austin, TX 78704 (512) 442-6536

The club store has 1960-63 reproduction Shop Manual including V8 section. \$30.00 postpaid.

Phil Cottrill reports that his book will delayed about a month which means that it should be here soon.

Karen Valvo sent me a picture of her little red Falcon she told us about awhile back. Photo is too dark for printing but the car is a knock out! Every bit a sharp as you can want and yes, the hat is in the back.

Late chapter news: LONE STAR Chapter held their January meet at the North Park Inn. This will be the location of the 1983 National Meet. Local members toured the convention and banquet facility and viewed the parking area which will be restricted for our use. There is an 8 acre grassy area available for the swap spaces. This meet conflicted with the Dallas Cowboy's playoff game so we quickly adjourned to a nearby pizza parlor to watch. New phone number for local chapter news: (214) 361-0115

Susan Brunken

Note: all the Brunkens have moved:  
3236 Amherst, Dallas, TX 75225  
(214) 361-0115...this applies to  
Barby's ad in this issue too.

Tom O'Dell, 417 Valley View, East Alton, IL 62024 is the man you need to write to about forming a chapter! Tom also will set the agenda for the 1983 National business meeting. If you want to be represented at the meet please write him in the following form:  
1. At the top of the page stat in as few words as possible the subject of the letter (for filing). 2. Date.  
3. Explanation to proposed change or addition to ghe bylaws or complaint. 4. Full signature and FCA number. 5. Type-written please. Next issue we will have an article by Tom on this subject.

Next issue will also feature Roger C. Roberts second Falcon Forum: Bird Tales and Other Trivia, Part II.

The Ford Falcon Club of Arizona, 1515 West Hartford Ave., Phoenix, AZ 85023, has elected new officers President: Bill Ritter, Vice-president: June Reese, Secretary: Jean Jemielity, and Treasurer: Richard Hawkins. Congradulations!

NEW MEMBERS: Welcome!

1316 Larry Wilson, RR4, Box 116, Alexandria IN 46001
